## Professional Summary

Industrial Engineering student with hands-on experience in operations management, sales, and team leadership. Skilled at improving processes, managing schedules, and communicating effectively with customers and teams. Seeking internships in operations or sales where I can lead projects, optimize workflows, and drive results.

## Work Experience

### Aquatics Coordinator (06/2022 - 01/2024)

JER Chilton YMCA - Rockwall, TX

- Managed scheduling and class operations for all instructors and age groups
- Resolved staffing and on-deck issues in real time, maintaining operational flow and customer satisfaction
- Streamlined processes for lesson management and customer communication, improving efficiency and engagement

### Bike Sales Associate (01/2024 - 04/2024)

PlayTri: Swim, Bike, Run - Rockwall, TX

- Sold high-performance bikes ($10,000+) by applying sales techniques and knowledge about the products
- Built strong customer relationships, driving repeat business and upselling accessories and services
- Supported store operations by managing inventory, assisting with marketing, and providing product expertise

### Small Business Owner (2023 - 2025)

Swim Lessons Business - Wylie, TX

- Oversaw scheduling, payment tracking, registration, customer communications, and marketing, pulling in 200+ customers per month
- Designed systems to automate, simplify and organize registration, deposits, tuition, scheduling, and messaging
- Conducted marketing and outreach via social media, cold calls, word of mouth, and client retention, driving new business
- Provided leadership and instruction for students, ensuring high-quality lessons and smooth operations
